PROMPT	RUBRIC
<p>Submit your React app by uploading a zipped project folder that contains your app's code. Your reviewers will run the portfolio app and follow the instructions provided. The output of their interactions with your app will show whether the required functionality has been implemented.</p> <p><a href="#">coursera-react-advanced-portfolio-project.zip</a> </p>	<p>Inspect the application header.</p> <ol style="list-style-type: none"><li>Is it showing five social links on the left side? When clicking on each one of them, are you being taken to an external page in a new tab?</li><li>Is it showing two internal links on the right-hand side with the texts "Projects" and "Contact Me"? When clicking on each one of them, is the application smoothly scrolling to the corresponding section?</li><li>When opening the console, do you see any React key related warnings coming from the Header component?</li></ol> <div><div><div>3 points</div><div>All three completed.</div></div><div><div>2 points</div><div>Two out of three completed.</div></div><div><div>1 point</div><div>Points 1 or 2 completed.</div></div><div><div>0 points</div><div>None complete.</div></div></div> <div><div>0</div><div>ZJ</div></div> <p>Examine the Landing section of the portfolio app (first section with blue background).</p> <ol style="list-style-type: none"><li>Is it showing a rounded Avatar with a profile picture, a greeting text "Hello, I am Pete!" and a summary bio "A frontend developer specialised in React"?</li><li>Is the interface clean, with proper vertical separation between the elements, as well as a bigger font size for the bio text?</li><li>Is the content centred both vertically and horizontally?</li></ol> <div><div><div>0 points</div><div>None complete.</div></div><div><div>1 point</div><div>One out of three points complete.</div></div><div><div>2 points</div><div>Two out of three points complete</div></div></div> <div><div>3 points</div><div>All points complete.</div></div> <div><div>0</div><div>ZJ</div></div> <p>Scroll down to the second section of the application, the Projects section with green background.</p> <ol style="list-style-type: none"><li>Does each project card contain an image at the top and a white section underneath for the textual content? Is the card rounded at the edges?</li><li>Is the card content section showing a vertical stack of 3 text items in the following order: title, description and "See more" accompanied with a right arrow icon?</li><li>Is the card design clean overall, with proper spacing between elements and different font sizes and strokes? Are there any key warnings in this section when opening the console?</li></ol> <div><div><div>0 points</div><div>None completed.</div></div><div><div>1 point</div><div>Points 1 or 2 completed.</div></div><div><div>2 points</div><div>Points 1 and 2 completed.</div></div></div> <div><div>3 points</div><div>All points completed.</div></div> <div><div>0</div><div>ZJ</div></div> <p>Navigate to the Contact Me form to verify it is a controlled form. Type valid values for each one of the 4 fields, in particular:</p> <ul style="list-style-type: none"><li>A first name</li><li>A valid email address</li><li>One type of enquiry</li><li>A message that is longer than 25 characters</li></ul> <p>Then click on the Submit button. Verify that the default behaviour of the form does not happen, meaning that the navigation bar URL does not change, and a page refresh does not occur either.</p> <p>Select Yes if the default behavior of the form does not happen, otherwise select No.</p> <div><div><div>1 point</div><div>Yes</div></div><div><div>0 points</div><div>No</div></div></div> <div><div>0</div><div>ZJ</div></div> <p>Go to the Contact Me form section and verify the validation rules by performing the below actions:</p> <ol style="list-style-type: none"><li>Focus the Name input, leave it empty. The input should have a red outline and the message "Required" should be displayed below the input.</li><li>Focus the Email Address input, leave it empty. The input should have a red outline and the message "Required" should be displayed below the input.</li><li>Focus the Email Address input and type an invalid email. The input should have a red outline and the message "Invalid email address".</li><li>Focus the Your Message text area, leave it empty. The text area should have a red outline and the message "Required" should be displayed below the element.</li><li>Focus the Your Message text area, type a message with a length shorter than 25 characters. The text area should have a red outline and the message "Must be at least 25 characters" should be displayed below the element.</li><li>Refresh the page to start from a clean slate and go back to the form without typing any values. Hit the submit button right away. The form should outline in red the Name, Email Address and Your message inputs and show the message "Required" below each one.</li></ol> <div><div><div>0 points</div><div>None complete.</div></div><div><div>1 point</div><div>One out of six points complete.</div></div><div><div>2 points</div><div>Two out of six points complete.</div></div><div><div>3 points</div><div>Three out of six points complete.</div></div><div><div>4 points</div><div>Four out of six points complete.</div></div></div> <div><div>5 points +5.5 pts because of a tie</div><div>Five out of six points complete.</div></div> <div><div>6 points</div><div>All points complete.</div></div> <div><div>0</div><div>ZJ</div></div> <p>Scroll down to the Contact Me form to assess whether the form functions correctly on submission. First, type valid values for each one of the four fields, in particular:</p> <ul style="list-style-type: none"><li>A first name</li><li>A valid email address</li><li>One type of enquiry</li><li>A message that is longer than 25 characters</li></ul> <p>After that, click on the Submit button. Check that the below behaviour happens when the form is valid:</p> <ol style="list-style-type: none"><li>The Submit button shows a loading spinner when it's clicked. The spinner lasts until the response comes back from the server.</li><li>If the response comes with a failure (50% chances, keep trying until you get one), a red alert with title "Oops" and description "Something went wrong, please try again later" should be displayed.</li><li>If the response comes with success (50% chances, keep trying until you get one), a green alert with the title "All good!" and description "Thanks for your submission \$ (firstName), we will get back to you shortly!" should be displayed. The first name should be exactly the one you typed in the form.</li><li>If the response comes with success (50% chances, keep trying until you get one), the form gets reset and all values are cleared out.</li></ol> <div><div><div>0 points</div><div>None completed.</div></div><div><div>1 point</div><div>One out of four points complete.</div></div><div><div>2 points</div><div>Two out of four points complete.</div></div><div><div>3 points</div><div>Three out of four points complete.</div></div></div> <div><div>4 points</div><div>Four out of four points complete.</div></div> <div><div>0</div><div>ZJ</div></div> <p>Verify that the header show/hide functionality is properly implemented</p> <ol style="list-style-type: none"><li>The header hides when scrolling down and is visible when scrolling up</li><li>There is a smooth transition animation happening between the show/hide states</li></ol> <div><div><div>0 points</div><div>None completed.</div></div><div><div>1 point</div><div>Point 1 or 2 completed.</div></div></div> <div><div>2 points</div><div>All points completed.</div></div> <div><div>0</div><div>ZJ</div></div> <p>How would you rate the overall functionality of the portfolio app?</p> <div><div><div>0 points</div><div>Poor - Most of the requirements from the portfolio app were missing.</div></div><div><div>1 point</div><div>Adequate - Some of the requirements from the portfolio app were missing and a good part were implemented.</div></div></div> <div><div>2 points +2.5 pts because of a tie</div><div>Good - Most of the requirements from the portfolio app were implemented.</div></div> <div><div>3 points</div><div>Excellent - All the requirements from the portfolio app were implemented.</div></div> <div><div>0</div><div>ZJ</div></div> <p>Consider the following questions to provide feedback in your own words:</p> <ul style="list-style-type: none"><li>Did the portfolio app display the right content and function correctly?</li><li>Did you find any errors in the output when interacting with the portfolio app?</li><li>Do you have any suggestions about how to improve the portfolio app?</li></ul> <div><div><div>no</div><div> Translate to English</div></div><div><div> Zehniddin Jumayev</div><div> Translate to English</div></div></div>
